Collecting the Data

Crash and Conviction Data Shared with...

- CODES (Hospital and Emergency Room Data)
- Internal Crash Data Warehouse
- University Web Transportal Site
- Community Maps Project
- Legislation (support or combat a bill)
- Policy makers

Crash and Conviction Data Shared with... (cont.)

- Research Groups
- Advocacy Groups
- NHTSA and other government agencies
- SCRAM Projects
- General Public
- Media

Challenges

- What is the actual prevalence of drugged driving?
 - If law enforcement receives positive test for alcohol, they don't test for drugs
 - If law enforcement receives negative test for alcohol, they proceed to test for drugs
 - Additional costs for drug testing
 - Same penalty for drunk or drugged driving
